

**1:** Its stylish slim back side-line that gives extreme comfort to user.

**2 & 3:** The natural armrest line stretch from the back to the bottom forming a twisted structure makes it looks extremely simple in style, quality and personality.

**4:** Sit in comfort all day long with an upholstered seat.

**5:** Easily adjust chair seat according to your height. To raise the seat, lift your weight off the chair and pull the lever (on your right); to lower seat, pull lever while you are seated. To release tilt lock mechanism and free-float, simply pull lever outward.

**6:** Mesh chairs with a thin fabric back are preferable for its excellent ventilation qualities. The woven fabric allows air to flow freely and keeps the person comfortable and cool.

## REINVENTED TRENDY

### Inspiring Design and Colours

It has simple curve and subtle form that make it look super trendy but still comfortable.

### Light and Easy

Its light and expressive look, and easy adjustment options make it ideal for the use in a variety of different work situations.

### Double Comfort

A double layers mesh fabric offers sustained support and comfort.

The covers are stretched taut over the backrest ensuring elastic support for the back when sitting.

### Perfectly Functional

Designed for multi-user environments where the use of space is constantly changing.

Ideal for collaborative settings where people need to transition within or between work areas.
